Mr John Wegrzyn  
U S Fish & Wildlife Service  
Colorado State Office  
730 Simms Street  
Golden CO 80401

Dear Mr Wegrzyn

Please find enclosed a copy of the October 1991 U S Department of Energy (DOE) Rocky Flats Office (RFO) Final Habitat Survey Report for the French Drain construction at Operable Unit No 1 (OU1) project at the Rocky Flats Plant. The document was prepared with guidance from the Golden Colorado office of the U S Fish and Wildlife Service (FWS) regarding compliance with the Migratory Bird Treaty Act (16 U S C 703 712) and the Fish and Wildlife Coordination Act (16 U S C 661 666c). It is the understanding of DOE RFO that FWS has statutory authority for both of these statutes while Colorado Division of Wildlife (DOW) has statutory authority for the Fish and Wildlife Coordination Act.

We request that FWS and Colorado DOW review the enclosed document and provide concurrence to DOE RFO as soon as your schedule allows. Please note that construction activities at OU1 were initiated on Tuesday November 5 1991. However note that the activities have been initiated at the far end of the French Drain with regard to the wetland/cottonwood/willow habitats that the USFWS observed during the Rocky Flats Plant site visit on September 26 1991.

If there are any questions or concerns regarding the proposed action or enclosed document please contact Bruce Thatcher of my staff at 966-3532.

Sincerely
